LIGHTER LAGERS

TKR Pilsner

4.8% ABV / 33 IBU

Refreshing and crisp with a floral hop aroma. TKR Pilsner features 100%, specially-sourced German ingredients, including Noble hops, for a crisp bitterness and a smooth finish.

Tucker Lager

4.7% ABV / 19 IBU

Tucker Lager is your go-to, everyday beer! Both sessionable and flavorful, this helles-style lager beer is a Bavarian specialty. Crisp and refreshing like our TKR Pilsner, the Tucker Lager is the perfect balance of sweetness and bitterness, ideal for any occasion. Refreshing light aromas of bread and citrus packed in a frothy head.

The Export

5.4% ABV / 25 IBU

Our stronger version of the Pilsner. This style, also known as a Dortmunder, is a brilliant gold color, very well modified and clean in flavor. See if you can taste the difference between our standard TKR Pilsner and the Export. You may find the Export has more earthy tones with notes of biscuit and honey because of the floor malt.

Lottes Lager

4.6% ABV / 26 IBU

Pale golden color. This lager was dry hopped with a combination of old-world German hops and new-age American hops delivering a bursting aroma of herbs and sweet fruits. The taste is relatively sweet at first with a crisp, bitter ending. This beer is unique in that a special enzyme was used during the fermentation process to break down the gluten that beer usually contains, resulting in a delicious, gluten-reduced lager beer.

Slow Pour TKR Pilsner

4.8% ABV / 33 IBU

The TKR Pilsner you know made with 100%, specially-sourced German ingredients, but poured nice and slow. Our Slow Pour TKR Pilsner is crafted in a series of three separate pours over the course of several minutes. A technique used in Germany, the slow pour is still crisp in character but showcases a softer mouthfeel and well rounded flavor. Gotta love that beautiful frothy foam.

Double Dry Hopped Pilsner

5.2% ABV / 36 IBU

We used a TON of hops to dry hop this beer. Starting with our classic TKR Pilsner, we dry hopped it with German Mandarin Bavaria hops and American Eureka! hops. You will not find this beer super bitter, but bursting with aromatics. This pilsner is also unfiltered to ensure a massive hop aroma. The Mandarin Bavaria hops deliver a citrus note while the Eureka! hops deliver a resinous, dank note. Enjoy you hopheads, you.

DARKER LAGERS

Georgia Red Lager

5.4% ABV / 35 IBU

An amber, red hue, reminiscent of our beautiful, rich Georgia clay. Our Georgia Red Lager has a bready, caramel nose with mild hints of earthy spice. Sweet taste with clean, moderately bitter finish. Excellent with food.

Sir Doppelbock

8.5% ABV / 21 IBU

Originally brewed by the monks in Bavaria to sustain them through their fasting times, the doppelbock was considered a "liquid bread" of the 17th century. The aroma includes notes of sourdough, roast and bread. The taste is ultra fullbodied and sweet with flavor combinations of caramel, toffee and chocolate. The back end will include a mild warming. YES SIR!

AM/FM

5.1% ABV / 32 IBU

This recipe combines our roasty Schwarzbier with Columbian cold brew coffee from Radio Roasters in Decatur. Schwarzbier pronounced "Shvatz" means black lager and hails from the Thuringia region of Germany. Take a deep inhale to smell the intense dark roast, chocolate aromatics at first approach. Our AM/FM Schwarzbier is quite smooth and not overly bitter. It has a medium body with a light crisp finish. Feel the caffeine!

Up All Nitro

5.1% ABV / 32 IBU

Nitro version of our AM/FM Coffee Schwarzbier giving it a smoother and creamier mouthfeel. Nitro refers to the type of gas used in the carbonation process. Instead of the normal carbon dioxide used, we "nitrogenized" this version. Not only do we condition the kegs with nitrogen, but we also pour this version with a nitro beer faucet. Careful...this beer may keep you Up All Nitro.

SOURS

Goseanna

4.5% ABV / 9 IBU

This style - pronounced "GO-zah" - originated in Goslar, Germany, through which the Gose River flows. There is proof that the style dates all the way back to 500 AD. This funky, German ale has a thick body due to the large portion of wheat used in the malt bill. There is a considerable, yet approachable lactic acid sourness that complements the beer's solid wheat backbone. Coriander was added after fermentation to deliver a zesty, lemon, citrus spice vibe on the nose. Sea salt was added prior to fermentation as well to offset an overbearingly sweet flavor. Let Goseanna take you on a journey.

WHEAT BEERS

Southern Heaven Hefeweizen

5% ABV / 8 IBU

A traditional German wheat beer, our unfiltered Southern Heaven Hefeweizen showcases the flavors and aromas of banana and clove in this classic style. Amber-gold in color with a thick, creamy head, Southern Heaven is smooth and subtly sweet.

Dunkelweisse

5.4% ABV / 12 IBU

An inviting bouquet of vanilla spice and toffee from our marriage of Munich malts and hefeweizen yeast unite together for a moderately sweet and full bodied taste. This ale resembles our Southern Heaven Hefeweizen with additional highly modified, roasty malts. Stay tuned for different variations of our Dunkelweisse as the colder months keep our minds on beer.

WHEAT BEERS

Weizen Bock

7.3% ABV / 13 IBU

This is our beloved Southern Heaven Hefeweizen turned up to 11. Everything you get with our hefeweizen...you get double with our Weizenbock. This beer is unfiltered with more yeast/proteins in solution than your standard hefeweizen. It also has more residual sugars, which makes this beer rich, sweet and doughy. During fermentation, the hefeweizen yeast produces a clovey, pepper nose reminiscent of all spice.

10oz Snifter **6**

ALES

Mandarina Kölsch

5.3% ABV / 21 IBU

Bursting with floral, citrus hop aroma...this Kölsch is a little extra. The Kölsch German ale has deep roots in Cologne, Germany, going back centuries. An old-world style, we decided to twist with new-world German hops – Mandarina Bavaria and Hallertau Blanc. These hops are descendants of the ever-so-juicy Cascade hop that has been popular in the US over the past 30 years.
